CEPT / ECTRA Decision of 12 March 1997

**on the provision of information for a database of licensing
requirements for VSAT / SNG**

(ECTRA/DEC(97)01)

As Chairman of the European Committee for Telecommunications Regulatory Affairs (ECTRA), I hereby confirm that this decision was approved in London on 12 March 1997 at the XXIIInd ECTRA Plenary Meeting.

A call for commitment was launched on 26 March 1997. This call was followed by a first publication, dated 12 May 1997, of this decision, which listed the CEPT member countries that committed themselves, within two months of the approval of this decision, to implement its terms.

As of 23 October 1997, I have received commitments in writing from the following CEPT member countries to implement the terms of this decision:

Belgium
Denmark
France
Germany
Netherlands
Norway
Portugal
Spain
Sweden
United Kingdom

This second publication is made after the XXIIIrd ECTRA Plenary Meeting hold in Podebrady (02-03.07.1997) and occurs within six months of the first publication.

CEPT members not appearing on this second publication can commit themselves anytime to implement the terms to this decision.

The ECTRA Secretary will keep an updated list of CEPT member countries who sent their written commitment to implement the terms of this decision.

Frédéric Riehl
ECTRA Chairman

The European Conference of Postal and Telecommunications Administrations,

Considering

- a) that the licensing regimes differ from country to country;
- b) that it could be time-consuming for the future applicants to get the necessary information from each individual administration;
- c) that it is useful to have access to this information from a central database;
- d) that ETO has been mandated by ECTRA and ERC to establish and maintain a database and to make its information publicly available;
- e) that it is necessary that the administrations provide the appropriate information and keep this information updated;

Decides

- 1. that administrations shall provide the information detailed in annex 1 to ETO;
- 2. that the administrations provide up-dated information whenever substantial changes take place;
- 3. that this decision shall enter into force on 12.03.1997
- 4. that CEPT Member administrations shall report their commitment to the ECTRA Chairman and ETO when the Decision is nationally implemented.

ANNEX 1

Framework for a database on VSAT and SNG

- 1 - Background / General information
- 2 - Description of services or systems
 - Description of VSAT:
 - Description of SNG:
- 3 - Licensing regime for each service and system
 - VSAT: individual licence, registration / notification, class licence, free regime
 - SNG: individual licence, registration / notification, class licence, free regime
- 4 - Time-schedule for the processing of requests for authorisations
 - VSAT:
 - SNG:
- 5 - Scope of the licence
 - VSAT (voice, data, to third parties, etc.)
 - SNG:(same)

6 - Organisations issuing the licence(s)
