1602 København V  
DENMARK

**Re: O3b compliance with ECC DECISION (15)04, *The harmonised use, fee circulation and exemption from individual licensing of Land and Maritime Earth Stations on Mobile Platforms (ESOMPs) operating with NGSO FSS satellite systems in the frequency range 17.3-20.2 GHz, 27.5-29.1 GHz and 29.5-30.0 GHz***

Dear Mr. Weber:

O3b Limited, a company headquartered in Jersey, Channel Islands, operate a non-geostationary orbit (NGSO) satellite system that falls within the scope of ECC Decision (15)04. We note that this ECC Decision places an obligation on any operator intending to operate ESOMPs within the framework of the ECC Decision to submit a declaration to the Office that the operator's NGSO system complies with the requirements of this Decision. There is also a requirement on the ESOMP operator to provide details of a designated point of contact per Annex 4 of the ECC Decision.

O3b are pleased to provide the required information below:

**Declaration by O3b Ltd:**

This is to inform you that the operation of O3b's NGSO satellite system within Europe shall comply with all relevant requirements set out in ECC Decision (15)04. The O3b system is operated by O3b Limited and details of the company are given below in response to the questions raised in Annex 4 of the ECC Decision (15)04.

**Annex 4 of ECC Decision (15)04 requests the following information:**
